

## ALBUQUERQUE EVENING CITIZEN.

VOLUME 19

ALBUQUERQUE, NEW MEXICO, MONDAY EVENING, OCTOBER 30, 1905.

NUMBER 276

NAVAL MATTERS  
ON THE CARPETPresident Roosevelt is  
Steaming up the Coast  
Against Wind.

## PREPARATIONS FOR PRINCE

North British Squadron Ex-  
pected at Annapolis in  
Few Days.

## MORE MONEY MISSED BY EXPRESS

Norfolk, Va., Oct. 30.—According to  
a wireless message at the Norfolk  
navy yard, the cruiser West Virginia,  
at 10 o'clock this morning was fifty  
miles south of Cape Hatteras. A  
strong northeast wind and heavy seas  
prevailed. She was not expected to  
make the cape for ten hours.

## PRINCE LOUIS WILL VIEW

AMERICAN BATTLESHIPS.  
Norfolk, Va., Oct. 30.—Two battle-  
ship divisions of the North Atlantic  
fleet, under command of Rear Ad-  
miral Roubey D. Evans, sailed from  
Hampton Roads at 6 o'clock this  
morning, and at 8:40 were reported  
from Cape Henry as proceeding up the  
Chesapeake bay for Annapolis, where  
they go to prepare for a reception to  
the British North Atlantic squadron,  
under command of Prince Louis,  
of Battenberg, which is due at Annapo-  
lis in the next few days.

## SEALS WERE INTACT.

BUT MONEY WAS GONE.  
Helena, Mont., Oct. 30.—The con-  
tents of a \$25,000 express package  
sent from Hamilton, Mont., to New  
York, are missing, and detectives are  
trying to discover what became of the  
money. The seals were unbroken  
when the package arrived in New  
York.

## Loss Stated to Be \$14,000.

St. Paul, Minn., Oct. 30.—At the of-  
fice of the Northern Express company  
it is said that the amount of money  
said to be missing from the express  
package is \$14,000 instead of \$25,000.  
No details are given out.

## YELLOW FEVER SCARES

## KNIGHTS OF PYTHIAS

Indianapolis, Ind., Oct. 30.—The  
supreme lodge officers of the Knights  
of Pythias met here today in con-  
sultation to consider the question  
whether the next biennial convention  
of the order should be held in  
New Orleans or somewhere else.  
The prevalence of yellow fever in  
New Orleans has caused considerable  
alarm among the members of the  
order all over the country and for  
some time the question has been agi-  
tated whether it would not be better  
to change the place for holding the  
convention to some other city than  
to take the great and unnecessary  
risks by holding the convention in New  
Orleans. It is maintained that New  
Orleans cannot, possibly, guarantee that  
there will be no yellow fever epi-  
demic in that city next year and as  
such an eventuality is decidedly pos-  
sible it would be necessary to change  
the convention to some other city  
anyway. The citizens of New Or-  
leans will strongly oppose the plan  
of changing the place of the conven-  
tion, \$40,000 having already been sub-  
scribed to the fund for the entertain-  
ment of the visitors and the people  
in charge of the entertainment are  
determined to make a hard fight in  
order to prevent a change in the pro-  
gram.

## CHILDREN'S BRANCH OF

LOUISVILLE LIBRARY.  
Louisville, Ky., Oct. 30.—Special  
exercises in honor of the opening of  
the children's branch of the Louis-  
ville free public library were held  
this noon at the rooms of the First  
Christian church. Several of the  
trustees spoke, and W. F. Yust, the  
librarian, gave a short talk on library  
work. At the conclusion of the ex-  
ercises the children's room of the li-  
brary was opened for inspection by  
the public. The children's library  
will be open every day from 2 to 6  
o'clock in the afternoon and on Sat-  
urday from 10 a. m. to 4 p. m.

## SPEED TEST IN ADDING

AND LISTING CHECKS.  
New York, Oct. 30.—One of the  
novel features of the Business Show  
at Madison Square Garden this eve-  
ning will be a speed and accuracy con-  
test in adding and listing cancelled  
checks on adding and listing ma-  
chines. Five hundred checks will be  
used and there will be two prizes  
awarded to the operators making the  
best showing.FRIGHTFUL WRECK WITH LOSS OF  
LIFE ON CALIFORNIA LIMITEDKansas City, Mo., Oct. 30.—One of  
the fastest regular trains on the Santa  
Fe, the California Limited, which left  
Chicago last night for the west, was  
ditched one mile east of Sheffield, Mo.,  
six miles from the business center of  
Kansas City.At least thirteen persons were  
killed and twenty-five injured, many  
seriously. The wreck occurred in a  
cut while the train was running fifty  
miles an hour, and was caused by the  
sprawling of the rails. Wreckage was  
piled high, and the passengers and  
members of the train crew were  
buried beneath it.Sickening Picture Presented.  
The relief train was delayed in ar-  
riving at the scene, and in the mean-  
time, those of the passengers who es-

## WAR'S TORCH LIGHTS LAND TO LIBERTY OF PEOPLE

RUSSIANS GRANTED FREEDOM OF SPEECH, RIGHT OF ASSEMBLY AND HABEAS CORPUS, AND IMMUNITY OF PERSON

COMBAT BETWEEN THE MOUNTED GUARDIANS OF ARISTOCRACY AND A MOB OF WORKING  
PEOPLE IN THE QUAY NEAR THE ADMIRALTY, AT ST. PETERSBURG.St. Petersburg October 30.—Tonight the autocracy of the Romanoffs and the old order of things ceases to exist  
in Russia. Emperor Nicholas has surrendered and Count Witte comes into power as minister-president with  
imperial mandate which will enable him to convert the farcial national assembly into a real legislative body, elected  
by greatly extended suffrage, and to confer upon the people fundamental civil liberties including free speech.These welcome tidings reached St. Petersburg shortly before six tonight. Count Witte had spent the day with  
the emperor at Peterhof going over the draft of the manifesto in which Witte insisted that certain minor modifica-  
tions should be made, and before taking the train for St. Petersburg he telephoned a friend that the emperor had  
affixed his signature and that the imperial mandate, comprising the conditions upon which he had agreed to accept  
office, was in his pocket. These include freedom of the press, right of assembly and immunity of person, including  
right of habeas corpus.DAY OF DEEPEST GLOOM HAS  
BROODED OVER RUSSIA'S CAPITALOnly Cossacks Remain Faithful—Other Troops  
Guarded—Infantry Won't Fire on People.  
Moscow Being Deserted.St. Petersburg, Oct. 30.—The city  
continues outwardly calm, but there is  
a most intense excitement beneath  
the surface. The strike committee  
continues to restrain the people, this  
being considered the best means of  
attaining the end in view.The committee know that an  
open collision would force a show of  
hands. The army, they say, is being  
gradually won over to the people's  
cause. Only the Cossacks are abso-  
lutely faithful to the existing regime.  
The Ismailovsky guard regiment,  
which was reported disaffected dur-  
ing the troubles of last winter, is  
now reported to have refused to ob-  
serve duty, and to be confined to  
their barracks, surrounded by Coss-  
acks. Investigation by a representa-  
tive of the Associated Press, how-  
ever, failed to confirm this. The city  
is filled by false and sensational re-  
ports set adrift by the revolutionists.

## COSSACKS GUARD INFANTRY

## SUSPECTED OF DISLOYALTY.

Odessa, Oct. 30.—It is impossible,  
even approximately, to state the num-  
ber of victims of yesterday's rioting.  
A number of encounters between the  
people and Cossacks took place, but  
the authorities refuse to state how  
many were killed or injured. The in-  
fantry, whose disloyalty is doubtful,  
is kept in the barracks under Cossack  
guard.

## POLICE PUT UP FLAGS

## WHICH PEOPLE PULL DOWN.

Lodz, Oct. 30.—The situation here  
grows worse hourly. The infantry,  
when ordered to fire upon the people,are discharging their rifles in the air.  
Crowds are tearing down Russian  
flags, which were displayed by order  
of the police.

## ARISTOCRACY LEAVING

## CITY OF MOSCOW.

Warsaw, Oct. 30.—A telegram re-  
ceived from Moscow says that the  
strikers have destroyed the Belt rail-  
road and two houses, one belonging  
to the governor. Thousands of the  
wealthy inhabitants of Moscow are  
leaving the city by every and any  
means available.

## REPORTED MUTINY AMONG

## SAILORS OF BLACK SEA FLEET.

Odessa, Oct. 30.—Persistent rumors  
are circulation here that the crews  
of the vessels composing the Black  
Sea fleet, moored on arriving at  
Samson, on the coast of Asia Minor,  
killed Admiral Bilyoff and Chokanov,  
and sailed back to Sevastopol, having  
hoisted revolution flags. It is impos-  
sible to verify these rumors.

## MOST REMARKABLE

## FAILURE ON RECORD

Pittsburg, Pa., Oct. 30.—The Post  
today said:  
"If every penny of the 100 per cent  
assessed against the stock of the  
Enterprise National bank is paid, the  
depositors will not get more than ten  
cents on the dollar. That is the opin-  
ion of the government officials at  
Washington, to whom the corps of fed-  
eral experts at work here on the  
bank's condition have reported.  
"Starting facts as to the extent of  
the failure have developed. Depart-  
ment officials brand it as the 'worst  
wreck on record.' Not only does it  
appear that every asset of the insti-  
tution was borrowed or stolen, but  
that through the rehypothecation of  
notes and securities the bank owes  
in excess of everything it ever had."ADMIRAL TRAIN SHOTS CHINESE  
WOMAN AND GETS INTO TROUBLELondon, Oct. 30.—A dispatch to the  
Evening Standard from Shanghai,  
says that Rear Admiral Train, com-  
mander-in-Chief of the American  
Asiatic squadron, and his son, Lieut-  
enant Train, have been the victims  
of a savage attack by Chinese out-  
side of Nankin.  
The Americans were pheasant  
shooting when the admiral accident-  
ally shot a Chinese woman, slightlyDRY DOCKS ARE  
NEEDED FOR NAVYAlmost Every Yard is Asking  
for Increased  
Dockage.

## GUANTANAMO MUST CONSIDERED

Washington, D. C., Oct. 30.—The  
Navy Department has decided to ask  
for no additional dry dock construc-  
tion at the New York Navy Yard. It  
has been found after a thorough in-  
vestigation that there is no room at  
the yard where a dock could be  
placed, and it is believed that the  
limit of the yard in its development  
has been reached. The dry dock pro-  
visions, therefore, will be made in  
other directions.The officers on duty at the navy  
yards have, in nearly all cases, this  
year, recommended the construction  
of new dry docks, and at some places,  
such as Boston, there has just been  
completed a dock. It is likely that  
Secretary Bonaparte will be asked to  
urge congress to provide new dry  
docks at Puget Sound, Wash., naval  
station, at the Pensacola, Fla., naval  
yard, at the San Juan, P. R., naval  
station, and the Boston navy yard.  
There is no disposition just at pres-  
ent to do much at San Juan. All the  
facilities of the government are being  
devoted to the development of the sta-  
tion at Guantanamo, but later, of  
course, there will be more particular  
attention paid to the Porto Rican sta-  
tion, which is necessarily considered  
of less importance than the establish-  
ment at Guantanamo.

## NEWSPAPER MEN ARE

## PLAYERS OF GOLF GAME.

New York, Oct. 30.—The golf play-  
ing newspapermen of this city are to  
be found in full force on the links of  
the Fox Hills Club of Clifton, Staten  
Island, today, where the qualifying  
rounds for the Boston-New York  
match of tomorrow are being played  
today. The finals will be played to-  
morrow. Besides that match there  
will be an open handicap match for  
members of any newspaper golf club  
in the United States.FATAL SHOOTING AFFRAY  
IN SALOON AT WINSLOWNight Marshal Shot and Instantly Killed by Drunk-  
en Gambler Who Was Fighting Over  
Game of Roulette.

## Special to The Citizen.

Winslow, Ariz., Oct. 30.—A shooting  
affray took place in the Parlor saloon  
Saturday night in which George J.  
Giles, night marshal, was killed al-  
most instantly. Pete Pemberton, a  
gambler, and Walter Darling, who was  
running the roulette table, quarrelled  
over a bet and Pemberton threatened  
to kill him, at the same time drawing  
his pistol. Giles then stepped up to  
the table and said to Pemberton,  
"Don't do that, Pete, we are all  
friends." Pemberton then turned and  
said: "I will kill four or five of you  
fellows," and then shot Giles four  
times through the body.Giles got his gun after he had been  
shot a couple of times and fired four  
times, but as he was fatally wound-  
ed, his aim was bad. Pemberton then  
shot at Darling, but missed him and  
then backed out the back door. He  
afterwards gave himself up to the  
constable.

## STORY OF SHOOTING, AS

## TOLD BY EYE WITNESS.

A well known business man of  
Winslow, who was in the Parlor saloon  
at the time of the tragedy, ar-  
rived in the city this morning from  
the west and spent the day here. For  
reasons best known to himself, he did  
not desire to have his name mentioned  
in connection with the affair, but he  
told a Citizen reporter the particulars  
of the shooting.He said that Pemberton went into  
the saloon early in the evening and  
commenced to play roulette. He lost  
heavily, and finally ran out of money.  
He left the saloon and went to his  
own place of business, the Wigwam  
saloon, and secured \$50. The men in  
the saloon noticed that Pemberton  
had been drinking heavily, and tried  
to persuade him not to return to the  
Parlor saloon. It was no use, how-  
ever, and he left, remarking with an  
oath, "that he would either come back  
with some money or he wouldn't come  
back at all."When he entered the Parlor saloon  
again, he walked up to the wheel at  
which Walter Darling was dealing,  
and commenced to play again. He in-  
sisted on playing \$3 on the numbers,  
but was told that \$2 was the limit.  
This angered him, and with an oath  
he drew his revolver and shot at  
Darling, the bullet going through the  
dealer's sleeve and embedding itself  
in the wall back of him. The saloon

## was full at the time, it being just

twenty minutes till 8 o'clock.  
City Marshal Giles was standing  
near the table at the time, and as  
Pemberton went to fire at Darling  
again, he stepped up, and laying his  
hand on his arm, said: "Let's don't  
have any fight in here, Pete." Terri-  
bly enraged at the interference of the  
marshal, Pemberton wheeled around,  
and like a flash emptied his gun into  
the officer's abdomen at close range,  
causing almost instant death. As  
Giles staggered back he drew his own  
weapon and emptied every chamber  
before he dropped dead. His aim  
was poor, and Pemberton escaped  
without a scratch.In the meantime everybody in the  
saloon was hunting cover and Dar-  
ling ran around the table and jumped  
over the bar to secure his gun. Be-  
fore he got it, Pemberton ran out of  
the back door of the saloon and gave  
himself up to Constable Kellenhan.

## SHERIFF REFUSES TO PUT

## PEMBERTON IN JAIL.

The constable at once turned his  
prisoner over to Sheriff Houck of  
Winslow. The sheriff did not place  
Pemberton in jail, but took him to  
his home where he is guarding him.  
Houck has pledged himself to be per-  
fectly responsible for the prisoner.  
This action on the part of the sheriff  
in showing Pemberton so much favor  
is because of a peculiar state of cir-  
cumstances.About three months ago, Pemberton  
accompanied Sheriff Houck to Canon  
Diablo, near Winslow, to capture two  
men who had held up the Chinax ex-  
press in Winslow the night before and  
escaped with a large sum of money.  
The officers came upon the bandits  
very suddenly and a fight ensued.  
One of the robbers was in the act  
of killing the sheriff, who had emptied  
his gun, when Pemberton shot and  
killed the robber, thus saving Houck's  
life. It is because of the appreciation  
of Pemberton's brave deed in  
saving his life, that the sheriff will  
not allow the murderer to be taken  
to jail.Both the dead marshal and Pemberton  
were friends of the Winslow  
and the sentiment is about evenly  
divided.

## CORONER'S JURY

## CALLS IT MURDER.

A coroner's jury was empaneled yester-  
day to inquire into the tragedy. It  
returned a verdict that Marshal Giles  
came to his death as the result of a  
gunshot wound inflicted at the hands  
of one Pete Pemberton, with murder-  
ous intent. The verdict of the jury  
and the remarks made by Pemberton  
just previous to the shooting, make  
it look rather bad for the prisoner.  
Pemberton was for years a cowboy  
of that section, but recently has had  
charge of the gambling in the Wig-  
wam saloon.MYSTERY HAS  
EXPLANATIONVictim of Suit Case Trag-  
edy is Identified as  
Susan Geary.

## NEW YORK WILL UTILIZE

City Garbage as Fuel For  
Electrical Pro-  
duction.

## STOCKHOLDER MUST SEE BOOKS

Boston, Oct. 30.—Yesterday's inves-  
tigations have satisfied the police that  
the victim of the "suit case" tragedy  
was Susan Geary, a chorus girl. Mor-  
ris Nathan, to whom the girl was en-  
gaged, is being held at Pittsburg  
pending further investigations. As  
only a skilled surgeon could have dis-  
sected the body in the manner in  
which it was done, the police are en-  
deavoring to find the doctor whom the  
girl consulted shortly before her  
death.NOVEL MUNICIPAL STREET  
LIGHTING SYSTEM.New York, Oct. 30.—The municipal  
lighting of public structures will be  
commenced tonight. When dark-  
ness closes on about the New Wil-  
liamsburg bridge, its thousands of  
electric lights will be made to shine  
for the first time by an electric cur-  
rent generated at the city's inciner-  
ation plant and where tons of refuse  
gathered by the department of street  
cleaning will be used as fuel. The  
plan will save the taxpayers thou-  
sands of dollars every year.STOCKHOLDERS IN BANK  
MAY INSPECT BOOKS.Washington, Oct. 30.—On deciding  
the case of J. W. Guthrie vs. H. L.  
Harkness, the supreme court of the  
United States today decided that a  
stockholder in a national bank is en-  
titled to inspect the books of the  
bank. The case arose in connection  
with the Commercial National bank  
of Ogden, Utah, of which Harkness  
owned one-fifth of the stock. He was  
denied the right of inspection. The  
supreme court of the state decided  
in favor of his contention, and that  
decision was affirmed today. The  
opinion was delivered by Justice Day.TWO DOCTORS ENGAGE  
IN FISTIC ENCOUNTERR. L. HUST AND E. N. WILSON  
PRINCIPALS IN EXCITING BAT-  
TLE ON RAILROAD AVENUE  
THIS AFTERNOON.Claiming, so it is alleged, that Dr.  
E. N. Wilson had stolen a patient  
from him, Dr. R. L. Hust this after-  
noon at about 4 o'clock, proceeded to  
administer a thrashing to that physi-  
cian, and for several minutes pedes-  
trians on Railroad avenue were treat-  
ed to rather an exciting fistic en-  
counter.The two professional men met in  
front of the N. T. Armijo building,  
and at once were in it, hammer and  
tongs. Both men were more or  
less bruised, but neither suffered any  
serious injury. The prompt inter-  
ference of Constable James Smith, who  
separated the men, prevented a finish  
fight.Constable Smith placed both Dr.  
Hust and Dr. Wilson under arrest, and  
each put up a cash bond of \$10 for  
his appearance in court tomorrow  
morning to answer to the charge of  
disturbing the peace.NEEDED DRAINAGE  
FOR CRIPPLE CREEKDenver, Colo., Oct. 30.—The seri-  
ous problem of draining the Cripple  
creek mining district is to be solved  
by the construction of a big drainage  
tunnel. For some time the mines in  
the Cripple Creek district have been  
hampered by the large amount of  
water which flowed into the lower  
workings of the various mines. Some  
of the mines were compelled to in-  
stall pumping works to enable them  
to continue work in the lower parts of  
their works. With the increasing  
depth of the shafts the difficulties  
caused by the inflow of water be-  
came greater than the drainage ques-  
tion became more serious every day.  
Finally the owners of the principal  
mines decided to employ an expert  
engineer to report upon some plan  
for draining the district, which is  
about three miles wide and three and  
one-half miles long. It lies west of  
the town of Cripple Creek, bordering  
on the city limits and taking in the  
towns of Victor, Elberton, Independ-  
ence, Globe Hill, Altman and Cam-  
eron.

## AUTOMOBILE ENGINES

## FOR FIRE PURPOSES.

Manchester, N. H., Oct. 30.—The  
International Power company has  
taken over the Amoskeag Fire En-  
gine Company of this city and will use  
the plant for the manufacture of au-  
tomobile fire engines. The Inter-  
national Power company has built two  
such engines, one in use in Boston,  
the other in Newark. The engines  
have proved so successful, that the  
company has decided to go extensiv-  
ely into the manufacture of this type  
of engines. D. A. Hart, formerly man-  
ager of the La France Fire Engine  
company, has been appointed manager  
of the automobile fire engine depart-  
ment of the company.
